Economics Macro Study Guide

Abstract. Despite various evidences that show Islamic banking has gained popularity even by non-Muslim consumers and businesses in many parts of the world, there is still a general misconception that consumer's choice for Islamic banking is only influenced by religious obligations and thus it is just a Muslim-only affair.

Factors Influencing Consumers' Financial Transactions in ...

Islamic finance is one of the most rapidly growing segments of the global financial system. However, despite the increasing importance of Islamic finance, particularly in developing economies in the Middle East and South-East Asia, religious and social complexity has acted against a fuller understanding by regulators, policymakers, researchers and practitioners.
