A Nation At Risk The

A Nation at Risk: The Imperative for Educational Reform is the 1983 report of the U.S. National Commission on Excellence in Education. Its publication is considered a landmark event in modern American educational history. Among other things, the report contributed to the ever-growing assertion that American schools were failing, and it touched off a wave of local, state, and federal reform efforts.

A Nation at Risk - Wikipedia

Our Nation is at risk. Our once unchallenged preeminence in commerce, industry, science, and technological innovation is being overtaken by competitors throughout the world. This report is concerned with only one of the many causes and dimensions of the problem, but it is the one that undergirds American prosperity, security, and civility.
