## Read Book Apex Linear Equation Test Study Guide

A linear equation is any equation whose graph is a line. All linear equations can be written in the form  $Ax + By = C$  where  $A$ ,  $B$ , and  $C$  are real numbers and  $A$  and  $B$  are not both zero. The following examples are linear equations and their respective  $A$ ,  $B$ , and  $C$  values.
