KX 165 - BendixKing

King's KX-170B is a solid-state NAV/COMM transceiver, with a legendary reputation for reliability and dependability. It uses a mechanical frequency display. This radio doesn't have any frills, but it does its job and does it well. The KX-170 series became an industry standard because more than 100,000 were manufactured.

PS. You might also want to consider the headset adapter plug/set from Honeywell (Bendix/King) also. If you are operating the KX-99 in a noisy cockpit such as our 170's, the radio is MUCH more useful when you can simply plug in your headset directly to the unit. You can actually HEAR the conversation.

The International Cessna 170 Association • View topic ... Both the KX 155 and KX 165 feature a built-in 40-channel glideslope receiver. Both models are also available without the glideslope. BendixKing is committed to continuing the life of your KX 155 well into the future.
