Our History - Breath of Life Ministries

Breath And Length Of Life. A yogi measures the span of life by the number of breaths, not by the number of years. -Swami Sivananda. It is said that if you breathe 15 times per minute, you will live to 75 or 80 years. If you breathe 10 times per minute you will live to 100.

Why Is Breath So Important in Yoga? | DOYOUYOGA

The Breath of Life (play) The Breath of Life is a 2002 play by Sir David Hare. It tells the story of a woman who is confronted by the wife of her lover. Over the course of one day and one night, the two women reflect on their lives and the relationship with the central, yet offstage, male character.

Breathe life into - Idioms by The Free Dictionary

Lungs burning, that first breath always felt expansive, filling, truly life-giving. I remember that I can control my breath. I think about my breath as I hike up mountains. I'm attuned to the rhythm of my breathing, as it increases with the incline and how my throat and lungs ache for oxygen the higher I climb.
