By Robert O Keohane After

What makes Robert Keohane's After Hegemony important in my eyes is its logical and empirical support to the possibility and existence of cooperation among states. The aftermath of WWII witnessed a mushrooming of international organizations/institutions to facilitate international cooperation in political as well as economic issues.

Robert O. Keohane - Princeton University

In his best-known work, After Hegemony: Cooperation and Discord in the World Political Economy (1984), Keohane accepted the neorealist premise that states are rational egoists but argued that the pursuit of self-interest can lead to cooperation. He further disputed the neorealist claim that interstate cooperation can exist only when enforced by a dominant military power, or hegemon.
