In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

C For Beginners The Tactical

As a beginner of C# I wish I had this book back in 2014. Don't get me wrong here. I like the first book and its great as a reference point but this book is the book I prefer. I would recommend it for any C# beginner. It will make life a lot easier. It's really is as the name goes, a tactical book.
