In both cases, I could see how the skills I  
had would transfer to my new career  
direction — even if it didn't seem that way  
to outsiders. And for others who want to  
take their careers in totally different  
directions, that's the key: Find ways your  
current skills apply to the new industry or

position you want to work in.

## **How to Take Your Career in a Totally Different Direction ...**

A career path doesn't have to follow a straight line: Not all careers involve moving up the career ladder, and that's perfectly fine. Your career path belongs to you: When you decide on what direction you want to move your career in, it's important to focus on what's important to you rather than what you think you should be doing. Don't be afraid of change: Be willing to try something ...
