What emerges is a reason-based bioethics for the twenty-first century; a bioethics that treats faith and reason with equal seriousness, that shows the relevance of ancient wisdom to the complexities of modern healthcare scenarios and that offers new suggestions for social policy and regulation.

Catholic Bioethics for a New Millennium – Fisher, Anthony

To offer this particular form of inquiry, in Pastoral Aesthetics I position core principles in bioethics with classic images of pastoral care, which enables me to interpret the bioethics principles in a new way. For example, I view the bioethics principle of respect for autonomy in light of the pastoral image of the living human document.

Anthony Fisher Catholic Bioethics for a New Millennium ...

The Catholic Church has long acknowledged the role of the medical professional in declaring death. It is the proper competency of medicine, not theology, to identify reliable signs that death has occurred. The hardening of the body known as rigor mortis, for example, is a reliable medical indicator that death has occurred. When the heart ...
