Chapter Summary. Political parties are groups of individuals organized for the purpose of electing candidates to public office. The Constitution contains no mention of parties, and the Framers regarded them as undesirable or even dangerous.

Chapter Summary | Online Resources

However, political parties have become more decentralized, since in the U.S., state and federal laws regulate how political parties function: the public selects candidates to run for office in elections (as in Europe, the parties do that); and the party that wins control of Congress does not, as it does in European nations, control the right to select the chief executive of the gov't.

Chapter 07 - Political Parties | CourseNotes

12.2 The Presidential Election Process. The position of president of the United States was created during the Constitutional Convention. Within a generation of Washington's administration, political parties had overtaken the nominating power of state legislatures and created their own systems for selecting candidates.
