Create and manage a case. Keep track of your customer requests and issues by creating support cases in Dynamics 365 Customer Service. When a customer contacts support with a question or problem, you can quickly check if there is an existing case or open a new case and start tracking the issue.

User Guide (Dynamics 365 Customer Service) | Microsoft Docs

Good customer service can be the difference between being able to compete and survive and failing for small businesses. So I'm continually amazed at how many small business owners take a "wing and a prayer" approach to good customer service in their business; they hire what they think are good people and just assume that they'll do the right things - often without even bothering to do anything.

Good Customer Service Guide for Small Business

Sure, you could hire someone else, but they probably wouldn't be familiar with your organization or its customers. Save time and money with our free customer service training manual template. It covers the basic concepts that every customer service team should know—but it's easy to modify and edit as necessary.
