Designing a website for children is a whole different ballgame to designing a website for adults. Unlike grown-ups, children aren't looking for information on a website. They're looking to have fun and to learn - engagement, entertainment and education - whether it's games, videos, puzzles, stories or coloring-in.

Earlychildhood NEWS - Article Reading Center

In my years in the classroom, I have had the pleasure of teaching several children who have either one or two artists as parents. These children, who have a higher than average exposure to art and the media for creating it, possess some qualities that many other children do not have: in addition to their artistic talent, I have observed that they usually read and write better than their peers.
