Status meetings are an efficient means of tracking a project's progress. But such meetings, as most project managers know from first-hand experience, can easily spiral into inefficient and unproductive encounters that produce only inter-team conflicts. This paper examines five techniques that can help project managers conduct effective project status meetings.

The secrets to running project status meetings that work!

The Defense Department's Chief Information Officer released a solicitation memo for a contractor to provide programs and systems engineering supporting the DoD's positioning, navigation, and timing (PNT) enterprise. The selected contractor will also assess cyber vulnerabilities and potential areas of risk throughout the PNT sector.
