Principles of communication engineering. These pathways, called communication channels, use two types of media: cable (twisted-pair wire, cable, and fiber-optic cable) and broadcast (microwave, satellite, radio, and infrared). Cable or wire line media uses physical wires of cables to transmit data and information.

Engineering Communication: From Principles to Practice 2nd ...

Principles of Communication 1 The word communication arises from the Latin word "comm?nic?re", which means "to share". Communication is the basic step for the exchange of information. For example, a baby in a cradle, communicates with a cry that she needs her mother. A cow moos loudly when it is in danger.
