Project Gutenberg is the oldest (and quite possibly the largest) library on the web, with literally hundreds of thousands free books available for download. The vast majority of books at Project Gutenberg are released in English, but there are other languages available.*

*Environmental Winds Making The Global*

*Environmental Winds challenges the notion that globalized social formations emerged solely in the Global North prior to impacting the Global South. Instead, such formations have been constituted, transformed, and propelled through diverse, site-specific social interactions that complicate and defy divisions between 'global' and 'local.' The book brings the reader into the lives of Chinese ...*

*Environmental Winds Making The Global In Southwest China ...*

*Environmental Winds is a book about environmentalism in remote China. Working from in-depth observations recorded during his long stay in Yunnan, Michael J. Hathaway analyzes the dynamics of Chinese society through the idea of "wind," which he uses to represent the uncertain and fluid characteristics of certain thoughts, practices, and campaigns.*
