Timing belt driven water pumps should always be replaced at the same time as the timing belt to reduce warranties, customer comebacks, and preserve long-term system performance. Gates timing belt component kits with water pumps give you and your customers a complete repair solution, featuring the OE timing belts, pulleys and tensioners from the standard Gates timing component kits, plus our ...

Timing Belt Component Kits w/ Water Pumps | null - gates.com

Replacing all wear items in the timing system each time a belt is replaced is recommended by Gates. Since the large part of the replacement cost is in the labour involved in changing a timing belt, it makes sense to replace all the components at the same time. All moving components in the timing system are subject to wear and need to be replaced.
