4 HAROLD F. SEARLES He loved his radio repair work at Mr Mitchell's shop in Lewiston. Mr Mitchell is a very perfectionistic person. I don't think any of the men at his shop before Edward lasted more than a few months. But Edward got along with him beautifully. He used to say [the mother imitates an exhausted sigh], "I

treatments of schizophrenia.

Harold Searles Explained

Attention to parallel process first emerged in the nineteen-fifties. The process was termed reflection by Harold Searles in 1955, [1] and T. Hora (1957) first used the actual term parallel process – emphasising that it was rooted in an unconscious identification with the client. It could extend to tone of voice and behaviour. [2]
