working in the most demanding conditions. The low weight and high power are combined with a rugged engine, making this saw exceptionally versatile and suited for a wide variety of applications.

## Husquvarna Chainsaws 365

There are no differences in the bottom end either. The 365 comes with only one bucking spike, and is a low top. The 372XP comes with dual spikes, roller chain catch, and the HD filter system. The cylinder has to be removed to grind out the transfer dividers.....and Husquvarna does not sell the covers separate from the jug....
