## File Type PDF Math Aid Worksheets

The multiplication facts to 81 worksheets include versions with 81, 100 and 35 questions. The reason for the 81 question versions is because there are exactly 81 facts from  $1 \times 1$  to  $9 \times 9$ , so each worksheet has each fact exactly once. The worksheet with zeros included also has 81 per page only to reduce the number of questions that include zero.
