professional aviator. Rather, this instruction provides a focal point and reference manual for all other sources of technical information, outlining and amplifying the flight procedures where necessary. This manual is designed as a training tool and is not meant to establish policy concerning fleet operations.

FLIGHT TRAINING INSTRUCTION

The Pilot's Manual: Instrument Flying provides everything you need to know to safely fly under Instrument Flight Rules (IFR) and in Instrument Meteorological Conditions (IMC) all the aeronautical knowledge and skill, from basic attitude flying to navigation and meteorology, to the actual IFR maneuvers flown in the air. You will master the preflight preparations required for instrument flight before learning IFR departure, en route, terminal and approach procedures.
