### Spengler's Ominous Prophecy | The National Interest

Oswald Arnold Gottfried Spengler was a German historian and philosopher of history whose interests included mathematics, science, and art and their relation to his cyclical theory of history. He is best known for his book The Decline of the West, published in 1918 and 1922, covering all of world history. Spengler's model of history postulates that any culture is a superorganism with a limited and predictable lifespan. Spengler predicted that about the year 2000, Western civilization would enter

### Oswald Spengler - Wikipedia

Samuel Huntington seems to have been heavily influenced by Spengler's The Decline of the West in his "Clash of Civilizations" theory. Joseph Campbell an American professor, writer, and orator best known for his work in the fields of comparative mythology and comparative religion claimed Decline of the West was his biggest influence.
