Soa In Practice The Art

SOA in Practice was a great introduction to Service Oriented Architecture. What I particularly liked about the book was how the author walks the reader through each aspect of SOA and the provides insights based on his experience into the pro's and con's of different approaches.

This book demonstrates service-oriented architecture (SOA) as a concrete discipline rather than a hopeful collection of cloud charts. Built upon the author's firsthand experience rolling out a SOA at a major corporation, SOA in Practice explains how SOA can simplify the creation and maintenance of large-scale applications.
