Over 10 percent of students in the United States—more than 4.8 million kids—are English language learners (ELLs), and the number is on the rise. Though these students do not learn differently than their native-English-speaking peers, they do have particular educational needs. To learn about these needs—and best practices for addressing them—I interviewed a range of educators and ...

6 Essential Strategies for Teaching ELLs | Edutopia

Early childhood education can play an essential role in preparing young English language learners (ELLs) for later success in school. Children who have an opportunity to develop basic foundational skills in language and literacy in preschool enter kindergarten ready to learn to read and write (Ballantyne, Sanderman, & McLaughlin, 2008).
