A Physician's Practical Guide to Culturally Competent Care is a self-directed training course designed for physicians, physician assistants, and nurse practitioners. With growing concerns about racial and ethnic disparities in health and about the need for health care systems to accommodate increasingly diverse patient populations, cultural competence has become more and more a matter of national concern.

A Physician's Practical Guide to Culturally Competent Care

Intermittent fasting - isn't that starvation? No. Fasting differs from starvation in one crucial way: control. Starvation is the involuntary absence of food for a long time, leading to severe suffering or even death. 5 It is neither deliberate nor controlled.. Fasting, on the other hand, is the voluntary withholding of food for spiritual, health, or other reasons.
