philosophical, cultural, and social movement that spread through England, France, Germany, and other parts of Europe during the 1700s.

SparkNotes: The Enlightenment (1650–1800): Overview  
The first major Enlightenment figure in England was Thomas Hobbes, who caused great controversy with the release of his provocative treatise *Leviathan* (1651). Taking a sociological perspective, Hobbes felt that by nature, people were self-serving and preoccupied with the gathering of a limited number of resources.

## Early Enlightenment Flashcards | Quizlet

In the early Enlightenment, especially in France, the emphasis is upon the discernment of an objective rational order, rather than upon the subject's sensual aesthetic pleasure. Though Descartes' philosophical system does not include a theory of taste or of beauty, his mathematical model of the physical universe inspires the aesthetics of French classicism.
