The Instantaneous Trendline Di Ehlers

Ehlers Instantaneous Trendline , by John Ehlers , identifies the market trend by doing removing cycle component. I think, this simplicity is what makes it attractive :) To understand Ehlers's thought process behind this, refer to the PDF linked below. There are atleast 6 variations of this ITrend. This version is from his early presentations.

Instantaneous Trendline (Zero Lag) • You have a trend-following trading strategy comparable to commercial strategies • You have an excellent Cycle Mode indicator (an oscillator) • You understand how profound a philosophical model of the market can be

AFTA May 03 - Mesa Software

by John F. Ehlers, Ph.D. Is it possible to have an instantaneous trendline? To say that a trendline is "instantaneous" may be presumptuous, but because you can compute a continuous trendline with modern technology and thus assess the action in the markets, the term is somewhat appropriate.

The Instantaneous Trendline - February 2002

The EasyLanguage code to compute the instantaneous trendline can be found in the sidebar, "Instantaneous trendline." John F. Ehlers, Box 1801, Goleta, CA 93116, is an electrical engineer working in electronic research and development and has been a private trader since 1978.

Adaptive Trends And Oscillators - May 2000

Instantaneous Trend Line (J. Ehler) Formula Parameters: Notes: The early identification of a trend then depends on a valid measurement of short-term cyclic activity. There are two ways to do so, either by cycle elimination or by spectrum analysis. Of the two, cycle elimination is by far the easier. The identification of the trend is that easy.
