electronic sports, e-sports, or eSports) is a form of sport competition using video games. Esports often takes the form of organized, multiplayer video game competitions, particularly between professional players, individually or as teams. Although organized competitions have long been a part of video game culture, these were largely between amateurs until the late 2000s ...

Doom Eternal: The Ancient Gods Part 1 Review - GameSpot

A lot of developers get into software development because they want to build games. Not everybody can be a professional game developer, but everybody can build their own games for fun and maybe profit. In this five-part series, I'll show you how to create 2D single-player games using Python 3 and the excellent Pygame framework.
