The Roads Of The Roma

The Roads of the Roma is published on behalf of the PEN American Center as a volume in their Threatened Literature Series. In his introduction Professor Ian Hancock of the University of Texas, himself an English Gypsy, unravels the history of the Roma since they left their original home in India and traces the growth of a written literature out of an oral tradition.

Roman Britain. According to Hugh Davies in Roman Roads in Britain (Shire Archaeology, 2008), the Romans began building a network of roads in Britain “almost as soon as they arrived” (p. 6). What we know about Roman roads are based on modern archaeological evidence and investigation, as there are few surviving documents about the Romans’ engineering feats.
