ment, and relevance to women's rights as human rights are discussed. Each theory has significant value for women's fight against oppression, but some are more effective and relevant than others. It is also apparent, however, that none of the theories are the whole answer or are completely discreet from one another.

Theoretical Perspectives on
Social Movements Most
theories of social movements
are called collective action
theories, indicating the
purposeful nature of this
form of collective behavior.
The following three theories
are but a few of the many
classic and modern theories
developed by social
scientists.

attach to human beings and function as moral guarantees in support of our claims towards the enjoyment of a minimally good life. In conceptual terms, human rights are themselves derivative of the concept of a right.

Human Rights | Internet Encyclopedia of Philosophy
The philosophy of human rights attempts to examine the underlying basis of the concept of human rights and critically looks at its content and justification. Several theoretical approaches have been advanced to explain how and why the concept of human

Online Library Theoretical Perspectives On Human Rights

rights developed. One of the oldest Western philosophies on human rights is that they are a product of a natural law, stemming from different philosophical or religious grounds. Other theories hold that human rights codify moral behavior which is a

Philosophy of human rights - Wikipedia

The theoretical and often political framework of sexual exploitation and sex work among women is widely and enthusiastically debated among academic and legal scholars alike. The majority of theoretical literature in this area focuses on the macro perspective, while the

Classical Perspectives:
Aristotle Aristotle examined
human rights in a political
context by first defining
how the political system of
a state originates. In this
sense, Aristotle implies
that human rights spring
from the bond that exists
between men and the created
state because the
determination of what is
"just" or "right" is the
principle order in a
political society.
