Just moved into a house a month ago and it has the unit in the back that says Trane XR11 on it. Since I am responsible for changing the filter I need to find it first. The only thing I see

Get Free Trane Xr11 Manual

in the unit is a circular type metal piece around the whole perimeter of the unit inside. Is this the filter??

Went to the Trans site for manual.

When I found a manual, no photos at all.
