Urban Management: Home

Based on the presumption that cities are complex systems and that plans for urban development alone cannot deal sufficiently with the deteriorated urban environment and the related issues that are derived from rapid urbanization, the Journal of Urban Management (JUM) has its two-fold aims set to integrate the studies across fields in urban planning and management, as well as to provide a more ...

Journal of Urban Management - Elsevier

Large cities, towns and even small neighborhoods do not spring up overnight. They are the result of careful planning by civil and design engineers, project managers, architects, environmental planners and surveyors. The integration of these disciplines is known as urban development. Urban development is a system of ...

Strengthening urban capacities in financial management is as important for increasing local fiscal autonomy as is the process of political and fiscal decentralisation. KfW is promoting financial intermediaries, such as national and regional banks or funds, that can provide loans and grants, mobilise private capital and direct funding according to the specific demand.

Urban development - KfW Entwicklungsbank

future of cities largely depends on the way we plan and manage urbanization, and the way we leverage this trans-formative process to ‘provide the setting, the underlying base and also the momentum for global change’¹. the analysis of urban development of the past twenty years presented in this first edition of the World
