Hey guys, New to the forums and hoping you guys can help me out. Had my mk5 for about a year and a half now and love it so much. Since I've had it though, I think the previous owner was Italian because the language is in (what I think is) Italian. It's always bothered me and I've looked up heaps of sites and videos and can never access the menu required to change it.

There is one more thing which is not covered in my manual. I own a Touran 2008 which has similar

functions to Golf 5. If you press the lock button on the remote key while at least one of the doors is not closed correctly, the turn lights would not blink. Blinking lights is a confirmation that all 5 doors are locked correctly.

On my 06 Jetta tdi I disconnected the battery; upon reconnection there is the yellow steering wheel dash light. After a search it sounds like this is somewhat common. I tried to get it to reset by turning the wheel left then right, driving in a straight line 15 ft etc. I cannot not get this light to go off! It been on for the last 40 miles.
