## **Stars Between the Sun and Moon: One Woman's Life in North Korea and Escape to Freedom**

Lucia Jang 2015-10-05 An extraordinary memoir by a North Korean woman who defied the government to keep her family alive. Born in the 1970s, Lucia Jang grew up in a common, rural North Korean household—her parents worked hard, she bowed to a photo of Kim Il-Sung every night, and the family scraped by on rationed rice and a small garden. However, there is nothing common about Jang. She is a woman of great emotional depth, courage, and resilience. Happy to serve her country, Jang worked in a factory as a young woman. There, a man she thought was courting her raped her. Forced to marry him when she found herself pregnant, she continued to be abused by him. She managed to convince her family to let her return home, only to have her in-laws and parents sell her son without her knowledge for 300 won and two bars of soap. They had not wanted another mouth to feed. By now it was the beginning of the famine of the 1990s that resulted in more than one million deaths. Driven by starvation—her family's as well as her own—Jang illegally crossed the river to better-off China to trade goods. She was caught and imprisoned twice, pregnant the second time. She knew that, to keep the child, she had to leave North Korea. In a dramatic escape, she was smuggled with her newborn to China, fled to Mongolia under gunfire, and finally found refuge in South Korea before eventually settling in Canada. With so few accounts by North Korean women and those from its rural areas, Jang's fascinating memoir helps us understand the lives of those many others who have no way to make their voices known.

**Gardens of the Moon** Steven Erikson 2004-06-01 Vast legions of gods, mages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series from Steven Erikson. The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii, ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand... Conceived and written on a panoramic scale, *Gardens of the Moon* is epic fantasy of the highest order—an enthralling adventure by an outstanding new voice. **Koreri Messianic Movements in the Biak-Numfor Culture Area** Freerk Ch. Kamma 2013-12-01 This study developed out of the personal experience of daily life that I and my family had in the years 1932-1942 among the Biak speaking people of the Radja Ampat area (Sorong), West New Guinea. Our family had become integrated into the community as far as possible, and we used the Biak language every day. Three of the movements described in this book took place in that area, so that I was able to study them under the favorable conditions of direct participation and observation. The first edition of the book in 1954 (in Dutch) was the writer's doctoral thesis (Ph. D.), written under the guidance of the late Professor J. P. B. de Josselin de Jong. I am very grateful to the Royal

Institute of Linguistics and Anthropology, Leiden, for publishing the revised English edition in its Translation Series. The Biak material deserves more readers than the Dutch edition was able to reach.

They keep to themselves, their only contact with other human beings an occasional trip to the nearest general store. When Moon's father dies, Moon follows his father's last instructions: to travel to Alaska to find others like themselves. But Moon is soon caught and entangled in a world he doesn't know or understand; he's become property of the government he has been avoiding all his life. As the spirited and resourceful Moon encounters constables, jails, institutions, lawyers, true friends, and true enemies, he adapts his wilderness survival skills and learns to survive in the outside world, and even, perhaps, make his home there. This title has Common Core connections. Alabama Moon is a 2007 Bank Street - Best Children's Book of the Year.

The Dead And The Gone Susan Beth Pfeffer 2010-01-18 Best-selling author, Susan Beth Pfeffer, delivers a riveting companion to *Life As We Knew It* in this enthralling tale that follows seventeen-year-old Alex Morales as he fights to survive in the aftermath of apocalyptic events in New York City. But when the moon alters its gravitational pull and catastrophic events ensue, everything changes. Now, he has to care for his younger sisters, decide whether it's ethical to rob the dead, and keep the hope alive that their lost parents will return. So when the madame of a notorious brothel in a far-off city offers a king's ransom to purchase Amaris, Nox ends up taking her place — while Amaris is drawn away to the mountains, home of mysterious assassins. Even as they take up new lives and identities, Nox and Amaris never forget one thing: they will stop at nothing to reunite. But the threat of war looms overhead, and the two are inevitably swept into a conflict between human and fae, magic and mundane. With strange new alliances, untested powers, and a bond that neither time nor distance could possibly break, the fate of the realms lies in the hands of two orphans — and the love they hold for each other.

**The Firm and the Formless** Hans Mol 1982-12-01 This volume is woven around the idea that wholeness (the firm) and fragmentation (risking formlessness) alternate in human affairs. This theme is applied to the history and the present condition of Australian Aboriginals. Their religion is seen as a way to bolster a precarious identity and to affirm order in an existence which would otherwise become formless. It deals with totemism as a form of ordering a variety of often conflicting identities. The author describes the modern predicament of Aborigines in Australian society and concludes that their revitalization will occur only when they manage to make economic self-sufficiency subordinate to a viable and firm view of existence. He critically integrates into his analyses and interpretations the positions of such well-known scholars as Frazer, Durkheim, Freud, Lévi-Strauss, Radcliffe-Brown, Eliade, and Stanner. The volume will be of interest to students of sociology, anthropology, and religion.

Summer Showers In Brindavan 1972 to 2002 Sri Sathya Sai Media Centre 2022-11-19 Message from Bhagawan Sri Sathya Sai Baba Philosophy is the butter churned out of knowledge. But since human aspirations and ideals, which change from place to place and time to time, decide which aspects of knowledge are included in the churning process, it is often incomplete or inadequate or contradictory. Generally speaking, religious beliefs and practices, folkways, customs and traditions, educational methods, art forms, etc., help the formulation of the underlying philosophy. Believing that the world, as cognised during the waking state, is real and that the highest goal is the attainment of happiness in that world, man accumulates the instruments and symbols of that happiness; he fashions after his own taste and inclination according to the dictates of his own reason, the laws, ideals, institutions and principles that would bolster that happiness. This attempt leads to a philosophy which can be named "Western." But can the goal of Life be just this—to struggle amidst the waves of joy and grief that rise and fall in this visible objective world, to be carried along the current of desire, gathering food, shelter, comfort and pleasure, and finally, to flounder into the jaws of death? Consider what is happening now: in the name of progress, art is degraded into immoral and sensuous entertainment; educational advance results, not in advance of humility and reverence, but in rampant indiscipline, arrogance and irreverence. The emphasis long placed on the development of character and the promotion of virtue through education has now been dropped. In their place are enthroned as ideals: worldly success, self-aggrandisement, and high living. Laws, rules and regulations are multiplying fast, but there is no sign of unrighteousness and injustice being diminished. Greed is growing beyond control; the advance of science is marked, not by a proportionate advance in peace and happiness, but by a phenomenal increase in terror, unrest and anxiety. With his thousand-faced curiosity, man is analysing and utilising the outer world; but the inner world, which is basic, is ignored and forgotten. Human life is a composite of the secular and the spiritual. But now, the flesh is coddled, while the spirit is consigned into oblivion. As a result, neither the individual, nor society, nor the nation can hope to have peace and security. The framework of Creation is an amalgam of right and wrong, joy and grief, cold and warmth; so, it is against Nature to expect only right, or only joy, only wrong or only grief. It is not possible to uproot right wholly from the world, nor is it possible to uproot wrong wholly free from grief in any form. The burden of wrong and the agony of grief can be reduced, however, in proportion to the loyalty that man offers to sublime ideals and his efforts to put them into practice. So long as man lives on the level of the beasts, concentrating all his talents on the task of securing food, shelter, and other physical and material needs, the unrest now rooted in his heart cannot be got rid of. Therefore, the path of Dharma or Righteousness, which ensures inner purification and harmony, should not be given up. What is Dharma? It is the way of higher life directed by the ideals one holds dear, by the level of attainment one has reached, by the status of the individual in society, and the individual's own awareness of himself and his status. Mere awareness of "I am a human being," will not guide him into the path of Dharma; those who are aware only of this will be guided only into the path of

feeding, sleeping and the avoidance of fear from danger. Awareness of, "I am a human being," is only half the truth. "I am not a beast," is the other half. Always remind yourself of what you are, as well as what you are not; when this is done, when activities are in accordance with that awareness, man will be manifesting the full significance of the name he is known by. When man has resolved to understand his reality by the method of enquiry, he must avoid the error of condemning the points of view held dear by others. It is not right to deny their validity. He has to give value to all aspects, consider all views; for, there is no clear-cut distinction between mine and thine, this and that other. Truth is Knowledge; Knowledge is Limitless. Truth has to be discovered by analysing the complex mass of facts and things. Indian Culture is the product of the experience of generations in the field of this Truth, of Knowledge that is limitless, that is seen through the vision of the Wise. When students have the chance once to look upon this Culture, to contact its living embodiments and expressions, and to hold converse with its manifold manifestations, all doubts regarding it will vanish from their minds. It is a fact that persons who are too lazy to learn, who have not grasped the validity of Vedanta, or the relative reality of the world, feel that Indian culture is at best a ruse to while away one's time. We are not concerned with such persons. They have such ideas because they do not know that Vedanta is their own history. Animals are not conscious that they are alive; they live without being aware of life. If man too leads life in this manner, verily he is no better than a mere animal. Your forefathers were being fed from infancy on breast milk reinforced by the mixture of sublime ideals and principles of righteousness. As a result, they stuck to the path of righteousness steadily in a commendable form. They strove to help each other; cooperated in all efforts to promote the welfare of others and sympathised when others suffered or incurred loss or injury. They did not allow feelings of hatred, revenge or violence to tarnish their minds. They recognised that their chief duty was to devote themselves to activities conducive to the general good. Today, those who pride themselves on the enormous advance achieved by man and prance about prattling the stories of their paltry victories, are only demonstrating by their behaviour that they are totally ignorant of the high principles followed in life by their forefathers. What is the reason for the disappearance from the present generation of the sublime virtues of those days, of sympathy and mutual aid, of the peace and happiness that prevailed then? No enquiry is probing into this problem. Can a King, declaring himself the master of a state, fulfil all the wishes of his subjects? Why, he finds himself incompetent to fulfil even all his own wishes! If he decides to pursue his fancies on the plea that he is the lord and master, his subjects draw him down from the throne. How does this happen? However high a person's authority, he has to bow his head to some laws and limits that are laid down to ensure proper exercise of that power. They might have been laid down by the king himself, but once accepted and announced, he is bound to them as strongly as any one else. If he acts in contravention of the covenant, the subjects, too, would break away from the laws and limits that regulate their activities and behaviours, and anarchy would result. For, the saying goes, "As the ruler, so the ruled." Therefore, the law-maker should obey the law; he who lays down the limit should himself respect it. This is the precious lesson, the shining lamp of wisdom, that the Ramayana is holding forth for the benefit of man. This is the excellence of the culture and history of India. Students have to be instructed on these monuments of Indian Culture and informed of the ideals which they embody. Their intellects, thus charged and cleansed, have to be offered to the nations of the world as ideals to be emulated. They, themselves, will be saved thereby; they will serve as guides and leaders to others. Intending to place before them the Truth, to remove from their minds the ruinous beliefs that have sprouted there as a result of the craze for novelty in recent times, and to uproot the specious arguments and fantastic doubts that are clinging to their reasoning faculty, and, resolving to imprint on the pure, steadfast, and conceit less hearts of the young the peace and joy that their forefathers were able to live in, we have arranged to invite elders of invaluable experience in these fields, and instruct youth on moral, ethical, spiritual, physical and secular truths. When such a sacred Yajna is held every year, present-day youth can easily understand and appreciate not only the Culture of India, but also the Wisdom garnered by people of other lands. Thus, they will be rid of all feelings of separation and difference; they will be equipped and made ready to demonstrate in

their lives the Truth that has been revealed to them. This Summer Course on Indian Culture and Spirituality has been planned and arranged with this belief and in this faith. May this attempt achieve Victory! May all beings derive therefrom Peace, Happiness, Prosperity and Security! - Baba This Volume is compiled and offered at Bhagawan Sri Sathya Sai Baba's Lotus Feet on His 97th Birthday as a reminder to all Spiritual Aspirants of Baba's Love & Message Sai Ram. *The Seven Days of Wander* Christopher Dutton 2011-03-26 A philosophical fictional novel about the adopted son of Christ The beggar boy, the main character of this book, was the adopted son of Christ but was abandoned by the disciples after the Crucifixion. Destiny and fate revolve and conflict around this "Beggar's Young Son" as the now thirty year old man is called. As a young man, he returns for seven days to the City to take up his father's work, in an attempt to rectify his distance from humanity, from his own soul, from his own destiny. He uses logic, reason and an appeal for human compassion to try to bridge to the people of the City but finds only failure for himself as he cannot be as psychically insightful and empathic as his father was. Each time he feels this deeply as his own self-failure. In the final chapter, the young Beggar leaves the City in the company of a strange new prophet and comes upon a village carved out of hope and salvation but slipping again into despair. The author explores such topics as humanism, free will, theology, capital punishment, political systems, ethics, euthanasia, evolution and ,ultimately, the value of society to the individual and the individual to society. SYNOPSIS OF NOVEL Chapter one to three...Deals with concepts of creation, man, god; in that a god will have no greatness more than the man which creates it, and it, the man. Beggar boy sells mirrors to be the idols of their personal gods. Then , he must fight in court to disprove the crime of fraud against the people. Chapter four. Beggar boy interrupts a 'beating' by schoolmaster of young boys. The discussion explores crime vs. punishment as a tool of 'change'. Chapter five. Beggar explores extremes of poverty, leadership and tyranny as he progresses from poor hovels to an execution pit to the king's audience. He pleas for the lives of condemned slaves. Explores concepts of social order, tyranny, freedom. Chapter six. Beggar interrupts argument amongst three brothers over law vs. assisted suicide for their father. The concept argued is wether conscience of 'I' is above conscience of communal law. Chapter seven. Beggar leaves City with a mad poet who has started an alternative community in the mountains. Explores concepts that logic and reason alone cannot propel human development; passion of belief or blind faith is also necessary for evolution. Compares the fate of the individual vs. the 'needs' of society's historical destinies.

*Reaching for the Moon* Katherine Johnson 2020-05-05 "This rich volume is a national treasure." —Kirkus Reviews (starred review) "Captivating, informative, and inspiring...Easy to follow and hard to put down." —School Library Journal (starred review) The inspiring autobiography of NASA mathematician Katherine Johnson, who helped launch Apollo 11. As a young girl, Katherine Johnson showed an exceptional aptitude for math. In school she quickly skipped ahead several grades and was soon studying complex equations with the support of a professor who saw great promise in her. But ability and opportunity did not always go hand in hand. As an African American and a girl growing up in an era of brutal racism and sexism, Katherine faced daily challenges. Still, she lived her life with her father's words in mind: "You are no better than anyone else, and nobody else is better than you." In the early 1950s, Katherine was thrilled to join the organization that would

become NASA. She worked on many of NASA's biggest projects including the Apollo 11 mission that landed the first men on the moon. Katherine Johnson's story was made famous in the bestselling book and Oscar-nominated film *Hidden Figures*. Now in *Reaching for the Moon* she tells her own story for the first time, in a lively autobiography that will inspire young readers everywhere.

**The Unparalleled Adventure of One Hans Phaall, And, Pure Imagination** Edgar Allan Poe

2001 Hans Phaall, a bankrupt bellows-mender from Rotterdam, thinks up an ingenious scheme to get rid of his creditors and to escape from his dreary existence. He constructs a balloon that will carry him all the way to the moon. On the night of 1st April he tricks his creditors into helping him to inflate the balloon. As soon as the contraption is ready to take off, Hans Phaall gives his creditors the slip and kills them in an explosion. The perilous balloon flight lasts nineteen days and is reported in great detail. When the bellows-mender finally lands on the moon he finds a city inhabited by ugly little people. Hans Phaall pines for a return to his planet and sends one of the moon-dwellers to Rotterdam with a letter for burgomaster Superbus Von Underduk. In that letter Hans Phaall offers information about the moon and its inhabitants in exchange for forgiveness for his crime. The messenger arrives in Rotterdam and causes great excitement and confusion among the level-headed burghers. 'Hans Phaall -- A Tale' was first published in 1835, when Edgar Allan Poe was twenty-five years old and virtually unknown. The story was later renamed 'The Unparalleled Adventure of one Hans Pfaall'. Forged with Poe's passion for astronomy and literature it shows influences of such divergent publications as Sir John Herschel's 'A Treatise on Astronomy', Washington Irving's 'Rip Van Winkle' and Rudolph Erich Raspe's 'Singular Travels, Campaigns and Adventures of Baron Münchhausen'. 'Hans Phaall' -- much admired by Jules Verne -- is an extraordinary tale in which Poe's learning and imagination form a hallucinatory mix of science and fiction. It is looked upon by many as the first true science-fiction story. This edition combines the first version of the tale with several later, revised versions. Included in it is a short essay on 'Pure Imagination' by Edgar Allan Poe, published in 1849, only months before the author died.

The Jesus Myth Kyle Weyburne This book reveals the true story of what was unfolding in the Middle East in the centuries leading up to the emergence of Christianity as accurately as possible. It will upset some, but that is not my goal. The true history of events is always suppressed and this is an attempt to revive the actual story as it occurred, as faithfully as possible. A long-lost prophecy in the Dead Sea Scrolls reveals that Judas Maccabeus was the original Messiah, and he did do amazing things, including liberating Israel from the oppressive Greeks. He gave Israel independence for the first time in 400 years and began a golden period. However, in the centuries to come, the spectre of the Roman army began to manifest. The Jews needed hope and so the prophecy was revamped and extended. This resulted in a whole swathe of messianic contenders and in the 70's AD, after Rome defeated the Jews in a bloody war, a relatively unknown man was extolled as the Messiah. The reason why Jesus was chosen? He was the most Western of all the contenders; he preached tolerance at a time when few Jews would. This suited Rome, and so in Rome, in a foreign tongue, his story was written. A lot of it was made up (I don't say these words lightly, I will prove this). This book answers many more questions too, questions that have vexed us for millennia such as: 'Where is the Garden of Eden?' 'What happened to Noah's Ark?' 'Who was the first man?' 'Who was the Devil?' The answers will surprise you and they'll challenge everything that you think you know. We live in dangerous times, when fact is hard to discern from fiction. This book offers a glimmer of truth at a time when this is the rarest of commodities.
